

PRICE LIST OF SERVICES

Effective **August 1, 2026**. All prices are listed exclusive of VAT.

Prices for services not listed here are always negotiated on a case-by-case basis.

Mervis SCADA Hosting

Mervis SCADA Hosting is a cloud-based version of the software for programming PLCs, monitoring and controlling technologies, buildings, and industrial automation within the Mervis system.

The price for data hosting with Mervis SCADA Hosting will be calculated retroactively for the previous billing period and it depends on the total number of data points within the customer's project. To determine the specific price, the customer can use the calculation formula provided below.

Formula for calculating the price based on the required number of data points for Mervis SCADA Hosting:

$$\text{price in CZK} = \left(\text{MAX}(0,18 \times B11; ((\text{numberOfDataPoints} \times 175200)^{0,4863}) \times 0,11063) + \right. \\ \left. \text{MAX}(\text{numberOfDataPoints}; ((\text{numberOfDataPoints} \times 26280)^{0,5263}) \times 0,11063) \right) \times 1,1275$$

Price calculated using the formula for the selected number of data points for Mervis SCADA Hosting:

Data Points	CZK/month
500	1 605
1 000	2 275
5 000	5 122
10 000	7 267
50 000	19 731
100 000	39 463

Mervis SCADA Licence

The Mervis SCADA Licence is an on-premises version of the software for programming PLCs, monitoring and controlling technologies, buildings, and industrial automation within the Mervis system. The licence is provided as an on-premises solution on the customer's infrastructure with remote installation. The first year of updates and maintenance is included in the price of the Mervis SCADA Licence, with the option to extend these services thereafter.

The price of a Mervis SCADA Licence depends on the total number of data points within the customer's project and consists of the price of the Mervis SCADA Licence itself and the installation fee for the Mervis SCADA Licence.

Service	CZK
Remote Installation of the Mervis SCADA Licence (Required Component)	25 000

Number of Data Points	CZK
0 - 400	15 925
401 - 2000	26 425
2001 - 4000	48 550
4001 - 10000	72 925
10001 - 40000	154 125
Every additional 10000	21 000

Updates and maintenance of Mervis SCADA Licence

Period	CZK
The first 12 months after placing an order for Mervis SCADA Licence	Free (Included in the price of the Mervis SCADA Licence)
Every additional 12 months *	50% of the price of the Mervis SCADA Licence according to the current version of this price list

* Updates and maintenance are always purchased for a period of 12 consecutive months; if renewed, only the fee for the new period is charged.

Mervis DB Licence

Mervis DB is an on-premises database designed for the long-term storage of data from units, applications, and other devices.

The price of a Mervis DB Licence depends on the total number of data points within the customer's project and consists of the price of the Mervis DB Licence itself and the installation fee for Mervis DB.

Service	CZK
Remote Installation of the Mervis DB Licence (Required Component)	25 000

Number of Data Points	CZK
0 - 500	4 400
501 - 2000	8 250
2001 - 5000	12 375
5001 - 10000	16 775
10001 - 20000	22 825
20001 - 40000	34 500
Every additional 10000	8 400

Custom Solutions

Custom Solutions refer to individually billed services provided to the customer outside the scope of the agreed-upon services for individual Mervis products, particularly activities related to installation, modifications, or configuration within the Mervis system.

Minimum billing unit: Half an hour

Types of Services	Hourly rate CZK
Installation of a new version or changes to the Mervis SCADA Licence; general technical support	1 450/hour

Custom services beyond the scope specified in the table are provided to the customer based on an individual agreement.
